

## **European Trademark Attorney**

KIPA is a private practice founded 2006 in Helsingborg and has since then grown to a staff of about 10.

For continued expansion of our Trademark department KIPA has an opportunity for an entrepreneurial minded, European Trademark Attorney.

Ideally you have access to your own client portfolio. You might work as an independent supplier of services to KIPA from your own consultancy.

Tasks will comprise a full range of commercial and strategic work, negotiating in disputes, drawing up appropriate contractual papers, carrying out searches, overseeing all procedural details of registration, oppositions and appeals.

Applications or enquiries in confidence to
